Thank you for purchasing DTS-HD Master Audio Suite™/DTS Surround Audio Suite™ software!

Due to the diverse nature of software configurations in the marketplace, it is imperative that you follow the steps outlined below in the correct order for a successful installation of DTS-HD Master Audio Suite or Surround Audio Suite for the Windows XP and Windows 7 platforms.

For proper performance and a trouble-free installation, the DTS-HD Master Audio Suite requires additional software installations in addition to those that will auto-launch with the supplied installation disc.

Windows 7 users will have to authorize system access throughout the installation process. Click the ALLOW button when prompted to continue with the MAS installation.

Step 1. Install Java

If you do not have Java version 6.0 Runtime Environment installed, download version 1.6 from the Java website using this URL: http://www.java.com/en/download/windows_ie.jsp (.exe, 10Mb)

Follow the installation instructions given on the website above to install Java. If, upon opening the provided link, the website reads "Verifying Java Version... Congratulations! You have the recommended Java installed" proceed to step 2.

Step 2. Insert DTS-HD Master Audio Suite/DTS Surround Audio Suite Installation **CD-ROM**

Step 2.1: The disc will automatically begin the installation process. Click "Next" to proceed.

Step 2.2: Next, read the license agreement, accept or do not accept the license terms, and click "Next" to accept the terms of the license agreement and continue.
